

FARID ULLAH

Frontend Engineer (React.js) | Exploring ASP.NET | Full-Stack in Progress

Linkedin: www.linkedin.com/in/farid-ullah-dev01

Phone: +92 34 94288200 | Email: faridullah.dev01@gmail.com | Github: github.com/FaridCraft

PROFESSIONAL SUMMARY

React developer with a track record of building 19+ responsive web applications, with strong expertise in React Hooks, reusable component architecture, and state management. Experienced in developing scalable, production-ready UIs using modern JavaScript (ES6+), Tailwind CSS, and REST API integration. Currently advancing into full-stack development with C# & ASP.NET, building secure web applications and database-driven solutions.

TECHNICAL SKILLS

- **Frontend:** React.js, JavaScript(ES6+), HTML5, CSS3, Tailwind CSS, Responsive Design
- **Backend:** C#, ASP.NET (Learning)
- **Tools:** Git, GitHub, VS Code, Visual Studio

PROFESSIONAL EXPERIENCE

FRONTEND DEVELOPMENT INTERN — CODEALPHA | MARCH 2026–APRIL 2026 | REMOTE

- Completed 1-month Frontend Development Internship at CodeAlpha
- Gained hands-on experience in HTML, CSS and JavaScript
- Built responsive web designs applying UI/UX fundamentals
- Applied problem-solving skills to real-world project development
- Received Letter of Recommendation (LOR) for outstanding performance
- Earned Frontend Development Internship Certificate of Completion

WEB DEVELOPMENT TRAINEE – FRONTEND

SkillUp Academy, Dera Ismail Khan | Nov 2024 – May 2025

Enrolled in a hands-on web development training program focusing on frontend development with React.js.

- Built dynamic, component-based user interfaces using React.js
- Practiced responsive web design and mobile-first development techniques
- Developed and structured full project workflows from design to deployment
- Completed real-world projects with clean, maintainable frontend code
- Strengthened problem-solving, coding discipline, and practical development skills

PROJECTS

PERSONAL PORTFOLIO WEBSITE | REACT.JS, FRAMER MOTION, CSS3, EMAILJS

LINKS:[LIVEDEMO](#) | [GITHUBCODE](#)

- Developed a fully responsive portfolio with dark/light mode functionality
- Implemented smooth animations using Framer Motion
- Integrated EmailJS for contact form without backend

WEATHERHUB DASHBOARD | *REACT, OPENWEATHER API*
LINKS:[LIVEDEMO](#) | [GITHUBCODE](#)

- Built a dynamic weather application using REST API integration
- Implemented asynchronous data fetching and real-time UI updates
- Converted Unix timestamps to local time for accurate display

FITLIFE PRO | *REACT.JS FITNESS WEB APP*
LINKS:[LIVEDEMO](#) | [GITHUBCODE](#)

- Designed a responsive fitness website with modern UI components
- Implemented pricing toggle, testimonial slider, and mobile navigation
- Used React Hooks and custom CSS variables for scalable design

CERTIFICATIONS

Frontend Development Virtual Internship — CodeAlpha | March 2026
Frontend Website Development Course — SkillUp Academy | Nov 2024 – Apr 2025

EDUCATION

Intermediate in Computer Science (ICS)
Dera Ismail Khan | 2023 – 2026

- Successfully passed 2nd year.

Focus on computer science fundamentals and practical web development
